SENATOR CRONIN:

I'd like to introduce the Wares, a great family from my area, my neighborhood, from the "Lilac Town" of Lombard. Barbara and Bill Ware are up in the gallery, along with Kay Glennon. And Meghan, their daughter, is here serving as a Page with the Senate. Please give them a warm welcome.

PRESIDING OFFICER: (SENATOR GEO-KARIS)

We welcome the Ware family to the Senate. Ladies and Gentlemen of the Senate, we're going to Senate Bill 1231, on page 16. Senator Dillard? 1231. Read -- read the bill, Mr. Secretary.

SECRETARY HARRY:

I move to concur with the House in the adoption of their Amendment No. 1 to Senate Bill 1231.

The motion filed by Senator Dillard.

PRESIDING OFFICER: (SENATOR GEO-KARIS)

Senator Dillard.

SENATOR DILLARD:

Thank you, Madam President and Ladies and Gentlemen of the Senate. This is an agreed amendment by all interested parties to this complicated rewrite of Article 9 of the Uniform Commercial Code. The amendment specifically adds three additional exceptions to the applicability of the law to ensure that governmental transfers are not covered by the Act and to ensure that workers' compensation benefits and structured settlement proceeds cannot be

assigned. By including these additional exceptions, current Illinois law regarding these issues will remain in effect. The remainder of the amendment makes minor technical changes, and I would move that we concur in House Amendment No. 1 to Senate Bill 1231.

PRESIDING OFFICER: (SENATOR GEO-KARIS)

Any further discussion? Any further discussion? Hearing none - this is final action - the question is, shall the Senate concur

SENATOR TROTTER:

Thank you very much, Madam President. Members of the Senate, I'm asking everyone to vote for Amendment No. 2, which is -- changes and fixes a drafting area -- error that was in Public Act 91-0564, which we passed last year. 3rd Reading of the bill.

PRESIDING OFFICER: (SENATOR GEO-KARIS)

Senator Dudycz.

SENATOR DUDYCZ:

Thank you, Madam President. House Bill 3114, as amended, amends the Counties Code to provide for an annual stipend of sixty-five hundred dollars for each coroner in the State of Illinois to be paid for by the State. It applies to coroners whose terms begin on or after December 1st, in the year 2000. The amendment added an annual sixty-five-hundred stipend for the Cook County Recorder of Deeds, also to be paid for by the State. The current law does provide for an annual sixty-five-hundred-dollar stipend for all other recorders in the State, to be paid for by the State. All this does is adds Cook County to parity with the rest of the hundred and one counties in the State of Illinois.

PRESIDING OFFICER: (SENATOR GEO-KARIS)

Any further discussion? Any further discussion? Hearing none, the question is, shall Senate Bill -- I mean, House Bill 3114 pass. Those in favor, vote Aye. Those opposed will vote Nay. The voting is open. Have all voted who wished? Have all voted who wished? Have all voted who wished? Have all voted who wished? Take the record. On that question, there are 31 voting Aye, 21

On the Order of 2nd Reading is House Bill 3225. Senator Jacobs.

SENATOR JACOBS:

Yes, Madam Chairman, Ladies and Gentlemen of the Senate, I have a motion in writing to reconsider the vote by which House Bill 3225 had passed -- by which the amendment had passed -- failed.

PRESIDING OFFICER: (SENATOR GEO-KARIS)

Mr. Secretary, will you -- will you read the motion?

SECRETARY HARRY:

Pursuant to Senate Rule 7-15(b), and having voted on the prevailing side, I move to reconsider the vote by which Floor Amendment 1 to House Bill 3225 failed.

The motion, by Senator Jacobs.

Thank you, Madam President. Amendment No. 1 adds to the bill, authorizing a statutory pay raise for the Metropolitan Water Reclamation District Board, effective in December of the year 2000, when their new terms begin, or later if the commissioners are in the middle of their current six-year terms. Once again, Ladies and Gentlemen, their -- the salaries shall be increased by ten thousand dollars, according to their positions. There are nine commissioners, with three of them up for election every two years. Just to remind the -- the Members of the General Assembly -- or, the Senate, that these are elected officials who have not seen a pay raise since they got the last one in 1989. If they do not get a pay raise now, then that will be an additional six years. That will mean seventeen years without any type of a pay raise for these -- for these commissioners from the Metropolitan

Water Reclamation District. What we would be doing, we would be increasing the current salary of the President from fifty to sixty thousand dollars; from -- the Vice President and Finance Chairman from forty-five to fifty-five thousand dollars; and six commissioners from forty thousand to fifty thousand dollars. Ladies and Gentlemen, unlike the previous bill, which we were adding stipends for the coroners of tax dollars from the State, these -- this is local money. None of this is coming from the State, and I would ask for the adoption of Senate Floor Amendment No. 1 to House Bill 3225.

PRESIDING OFFICER: (SENATOR GEO-KARIS)

Any further discussion? Any further discussion? Hearing none, all those in favor, signify by saying Aye. All opposed. The Ayes have it, and the motion is carried. Any further amendments, Mr. Secretary?

SECRETARY HARRY:

No further amendments reported.

SECRETARY HARRY:

House Bill 3225.

(Secretary reads title of bill)

3rd Reading of the bill.

PRESIDING OFFICER: (SENATOR GEO-KARIS)

Senator Dudycz. Senator Dudycz.

SENATOR DUDYCZ:

Yes, Madam President.

PRESIDING OFFICER: (SENATOR GEO-KARIS)

You ready?

SENATOR DUDYCZ:

Certainly am. House Bill 3225 provides for a statutory pay raise for the Cook County Sheriff's Merit Board from a maximum ten thousand dollars to a maximum twenty-five thousand, with the Chairman to receive no more than thirty thousand dollars. It adds an additional two members to the Merit Board to make it a nine-member Board, where now it's currently five plus two discretionary members. There -- this is an exemption from the State Mandates Act, so there is no reimbursement required from the State. Current practice -- in current practice, the Cook County Sheriff's Merit Board already pay their members twenty-five thousand dollars. All this does is codify it into law. As I explained earlier, on Amendment No. 1, it provides a pay raise to the Water Reclamation District commissioners of -- of a ten-thousand-dollar pay raise for -- for their next term. Again, just to -- just to remind the Membership that during the time from their last pay raise to today's date, this would be a twenty-five-

percent pay raise, although the cost of living has gone up forty percent. So they wouldn't even be able to be kept up to 1989

PRESIDING OFFICER: (SENATOR GEO-KARIS)

Any further discussion? Senator Syverson.

SENATOR SYVERSON:

Thank you. Just a question of the sponsor.

PRESIDING OFFICER: (SENATOR GEO-KARIS)

He indicates he'll yield.

SENATOR SYVERSON:

Senator, is this a mandatory increase that the local -- locals don't have a -- don't have a chance to vote on this? This is something that we're authorizing that local governments raise taxes to give these salary increases?

PRESIDING OFFICER: (SENATOR GEO-KARIS)

Senator Dudycz.

SENATOR DUDYCZ:

Senator -- Senator Syverson, we are giving this authority for them to receive the pay raise, but, in practice, they do take a

vote. Their public will know -- their voters will know their feelings on this pay raise, because they've been doing this every opportunity they had. I have been assured that they will also take a vote on this pay raise of the Board so their voters and their constituents will know whether they support it or not, but we are the ones that are giving them this raise.

PRESIDING OFFICER: (SENATOR GEO-KARIS)

Any further discussion? Senator Syverson.

SENATOR SYVERSON:

Just to clarify then: So there -- there will be a vote that has to take place, not from the voters, but the -- the Board themselves will have to vote? Is there an option also for a -- for a -- a referendum if individuals wanted to have a referendum on that?

Thank -- thank you, Madam President. Earlier we passed Senate Bill 1672, which created a study by DNR on our groundwater and surface water requirements. The bill got kind of held up over in the House. Senate -- Joint Resolution 71 creates the Environmental Resources Advisory Committee, and it's to examine the environmental impact of the new and expanded energy-producing facilities. Sometimes we call 'em "peaker plants". But also it's going to focus also, not only on that, but also the groundwater and surface water, and they're to give the Governor and the General Assembly its report by December 15th, the year 2000. It's going to consist of several members representing all the Code Departments that are concerned about this, plus five members that are appointed by our legislative caucuses, plus there are about seven different areas that are going to be represented by the following industry groups, and it actually comes out with nineteen interested organizations and representatives of the General Assembly to come up with some suggestions. It's supported by all parties and there's no opposition. I do ask for your support on this resolution.

none, Senator -- Senator Klemm has moved the adoption of Senate Joint Resolution 71. Those in favor will vote Aye. Opposed, vote Nay. Have all -- and the voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Take the record. On that question, there are 59 Ayes, no Nays, none voting Present. Senate Joint Resolution 71 is adopted. Senator Maitland, on Senate Joint Resolution 72. Madam Secretary, read the resolution.

ACTING SECRETARY HAWKER:

Senate Joint Resolution 72, offered by Senator Maitland.

There are no committee or Floor amendments reported.

PRESIDING OFFICER: (SENATOR DONAHUE)

Senator Maitland.

SENATOR MAITLAND:

Thank you very much, Madam President, Members of the Senate. Senate Joint Resolution 72 creates the Illinois Task Force on Tobacco and Health Care to provide recommendations to the General Assembly next year on how to allocate Illinois' share of the Master Settlement Agreement funds. I think many of us feel this money should go for health-related purposes. We need to get in

place a plan to make this happen next year. And I believe this is a proper way to handle this, and I would move for the adoption, Madam President.

PRESIDING OFFICER: (SENATOR DONAHUE)

Is there any discussion? Senator Welch.

SENATOR WELCH:

I had a question of the sponsor.

PRESIDING OFFICER: (SENATOR DONAHUE)

He indicates he'll yield, Senator Welch.

SENATOR WELCH:

This is a fourteen-member task force but only four legislators on it, is that correct?

Senator Maitland.

SENATOR MAITLAND:

That is correct, Senator.

PRESIDING OFFICER: (SENATOR DONAHUE)

Senator Welch.

SENATOR WELCH:

Well, this is a task force to spend billion -- over a billion

-- billions of dollars and we only have four legislators coming up with a recommendation. So we're going to have a recommendation from a group that really doesn't have to answer to the voters for the expenditures, and then they're going to issue a report, then we're going to be somewhat bound by this report, or at least have it as a recommendation. That -- to me, that -- the number of legislators on here is inadequate. What -- why is there only four, Senator?

PRESIDING OFFICER: (SENATOR DONAHUE)

Senator Maitland.

SENATOR MAITLAND:

Senator, I don't think we're going to be bound -- bound by anything. We have a -- a group of professionals. This is going to be a recommendation to the General Assembly as to how this money should be spent. My guess is there will be many more people involved in this, as time goes on. This is a -- this is an attempt to start the process, and we, frankly, felt that we didn't want to burden any more legislators with it early on. We wanted to get advice from the Cancer Society, the Lung -- Association, many other groups, who have been very helpful to us in these subcommittees, and make recommendations to us, and from that, then, we take a preliminary guideline and take it to a larger group and ultimately the General Assembly.

SENATOR WELCH:

It just seems to me that this is our job, not the job of a -- of a committee to decide. I mean, we're the legislators. We're elected to do this, and this just looks like -- like we're trying to appease a bunch of groups. One teacher appointed by the IEA; one Medical Society. You know, this looks like the list of the top ten donors to all of us here in the -- in the Legislature, more than -- more than anything else. Frankly, if you look at the list, that's what it looks like. I think -- I think we should have the complete responsibility to send that -- to use that money, to spend it, the way our voters tell us, without advice from this committee that's just coming here in the last day of the Session.

PRESIDING OFFICER: (SENATOR DONAHUE)

Is there further discussion? Senator Radogno.

SENATOR RADOGNO:

Thank you, Madam President. I have a question for the sponsor.

PRESIDING OFFICER: (SENATOR DONAHUE)

He indicates he'll yield, Senator Radogno.

SENATOR RADOGNO:

Could you explain to us a little bit about the rationale of why -- why the particular people selected are on this list? I know a lot of us have been contacted by some of the interest groups who are concerned that they were not included.

PRESIDING OFFICER: (SENATOR DONAHUE)

Senator Maitland.

SENATOR MAITLAND:

Senator Radogno, I'm so happy that you asked that question. We had -- we had subcommittee hearings of the Executive Committee last summer and last fall and we got tremendous -- tremendous efforts from a number of the people who -- and groups who have called you and others and are upset that they're not on -- on the

task force. Each one of them had a plan, and if you total up the cost of all of their plans, it was well over a billion dollars that could be spent every year. We value very much their judgment; we value very much their help, and they're going to be advisory to what we do, and we feel that they can be more effective coming to us and giving us input, rather than being directly on the task force. And we -- frankly, Senator, we thought about this a great deal and decided this was the better way to do it.

PRESIDING OFFICER: (SENATOR DONAHUE)

Further discussion? Senator Parker.

SENATOR PARKER:

Thank you, Madam President. I guess I just wanted to

emphasize again what Senator Maitland said and the concerns that we've had from the different groups and encourage the Senator - and I know he says here today that he's agreed to that - is really including a lot of these people and the groups in the task force as an advisory so we get their input for smoking cessation programs.

I wish we would have probably had it last year and maybe they would have come up with a different solution than we're going to come up with later today, but it seems like the compromise is made. So I agree with the task force. Thank you.

PRESIDING OFFICER: (SENATOR DONAHUE)

Further discussion? Senator Klemm.

SENATOR KLEMM:

Well, I stand in support of Senator Maitland's resolution. The reason is because I was part of the task force that -- the subcommittee that looked at this. You know, when we sat there and heard the testimony from all these interested organizations, every one, almost without exception, wanted fifty percent of all the dollars for their organization and then give fifty percent to somebody else. Well, Senator Watson and I were sitting together there, and we were starting to add up what the requests were from these groups. They had great ideas, but we just didn't have enough money. And we added up - it was six hundred and some percent. Well, we only have a hundred percent of the dollars to spend. And so, to put these people specifically on that committee really adds some conflict, to some degree. We know what their testimony will be. I think the group is going to certainly consider them because they're going to be part of the players, but

to have them actually draft what we should be doing, I think is putting the -- the -- actually, the horse before the cart. So I think I certainly agree with Senator Maitland, in that we should

SENATOR MAITLAND:

Thank you -- thank you very much, Madam President, Members of the Senate. I -- I really hope that we all take this very seriously. I certainly am, and I think we have an obligation to find a way in which to funnel this money to people who have health-related -- cigarette health-related problems. And I think this is a way to -- to move in that direction, and I would seek your support.

For the -- as a matter of clarification to the Members, for those who have filed their income tax returns on or before July 17, 2000, they would receive checks from the Comptroller's Office between August 15 and October 17th, 2000. Again, thank you, Madam President, Ladies and Gentlemen of the Senate. What we have before us now, as amended, is House Bill 3876, which amends the Illinois Income Tax to create the

Homeowners' Tax Relief Rebate Program. It allows a onetime rebate in an amount equal to the amount of the income tax credit claimed on tax returns filed for the 1999 tax year for residential properties' taxes -- taxes that are paid. The amount of each rebate is capped at three hundred thousand {sic} dollars. There also is provided for in the legislation a transfer of two hundred and eighty thousand dollars to the newly established Homeowners' Tax Relief Fund from the Tobacco Settlement Recovery Fund. You will recall that I just explained a short while ago how the checks would actually be mailed. I'd be happy to answer any questions anybody may have, if -- if there are any. PRESIDING OFFICER: (SENATOR DONAHUE)

Senator Klemm, on Amendment No. 2.

SENATOR KLEMM:

Thank -- thank you, Madam President. Amendment No. 2 actually becomes the bill. It amends the Illinois Income Tax Act to create the earned income tax credit that we've agreed upon. It's -- the amount of credit is equal to five percent of the amount of the federal credit, and the credit is nonrefundable, which means that the amount of the credit may not exceed the total tax liability of the taxpayer. It applies to the taxing years -- the next three years, and it will be repealed on June 1st, 2003. It directs the Comptroller to transfer thirty-five million dollars. In Amendment No. 2, we mentioned there's an error in it. We said we'd transfer it in June. I do have an Amendment No. 3 that will correct that. It will be amended in the -- January of the next three years. I ask for your support on Amendment No. 2.

SENATOR L. MADIGAN:

Thank you, Mr. President and Ladies and Gentlemen of the Senate. I rise in support of House Bill 3939, and I think that we should give a lot of credit to people on both sides of the aisle who have worked on this over the years. Senator Peterson certainly has done a lot of work as Chairperson of the Revenue Committee. Senator Obama has also been one of the leaders on this. But, in particular, I would like to acknowledge and thank our Leader on this side, Senator Emil Jones, for the hard work that he put in to make sure that this was part of the tax relief package. This is not a perfect bill, as Senator Cullerton has pointed out, but it will provide relief for low-income working people, and that's the key to this. These people are working. Many are being taxed below the poverty line. This money will not be used on extravagances. They will be able to pay their rent, their utility bills, make sure they can feed their children breakfast in the

morning. And I think this is a good bill and I urge everyone to support it.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Further discussion? Senator Klemm. Senator Klemm.

SENATOR KLEMM:

Well, I guess just to clarify. The federal earned income credit is -- is refundable and this State one is nonrefundable, and I guess Senator Cullerton asked for that. There is a slight difference in the two, and I just want -- for legislative intent and for the record, that is correct.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Any further discussion? Senator Emil Jones.

SENATOR E. JONES:

Yeah. Thank you, Mr. President. I, too, want to commend the

sponsor for taking time out and to work with this piece of legislation and also my counterpart, Senator Philip. You know, when we sat down at the table and began to negotiate this particular issue and it has been my contention and many on this side of the aisle that those who spend more of their disposable income toward taxes should really be the ones we should be

fighting for in the General Assembly. But it was a compromise. This is a step in the right direction. All your major newspapers, your chamber of commerce around this State endorse this concept, and so I'm glad we here in the Senate and also in the House will be moving in that direction, in the direction of taking care of those who need it the most, taking care of those individuals as we try to move some of them from welfare to work and try to help them sustain themselves until they can get on their feet to be very productive citizens in this State. So, again, I want to commend you and my colleagues for all the hard work that's been done on this issue.

House Bill 3872.

(Secretary reads title of bill)

3rd Reading of the bill.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Radogno.

SENATOR RADOGNO:

Thank you, Mr. President. This bill addresses an issue that's been very important to all of us, and that is prescription drug coverage for seniors. This bill has two major components. For

our poorest seniors, this bill raises the level of Medicaid eligibility to one hundred percent of the federal poverty level over three years. In the first year, it goes up to seventy percent of the federal poverty level. Right now seniors don't qualify for that assistance until they reach forty-two percent of poverty. Additionally, because this is Medicaid coverage, it not only will cover prescription drugs but also other services that Medicare doesn't cover, or cover adequately, such as home health care. Secondly, for seniors that don't qualify for Medicaid, it

34

STATE OF ILLINOIS
91ST GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

expands the circuit breaker program, which we're all familiar with. Again, it not only covers drugs, but it also provides license plates at twenty-four dollars, as well as the property tax relief component. But specifically, with respect to the drug coverage, as you know, circuit breaker currently covers three diseases: arthritis, diabetes and circulatory problems. This will add to the diseases covered cancer drugs, Alzheimer's, Parkinson's, glaucoma, and lung disease and smoking-related illness. Additionally, it's going to increase the income level at which people can qualify. Currently it's sixteen thousand dollars per household. This will create a three-tiered system. One

person will qualify up to twenty-one thousand two hundred eighteen dollars; two persons up to twenty-one -- twenty-eight thousand four hundred and eighty; and three people at thirty-five thousand seven hundred forty dollars. It changes the co-pay and the card cost that is currently in place. Right now, those that pay for the forty -- pay forty dollars for a card will pay only five dollars for a card and the co-pay will go from the current fifteen to zero. For those that currently pay eighty dollars, it will go down to twenty-five dollars to participate in the program and the current -- and the co-pay of twenty-five will be reduced to only three dollars. It also has a limited brand name waiver. For so -- for those drugs that have a narrow therapeutic index, the brand names will be available. So taken together, I think this provides a very reasonable approach to prescription drug coverage. It targets relief to those that need it the most. It's not duplicative of other things that are already in place, and it uses and expands our existing program so there's not a lot of extra bureaucracy that we need to create. So I'd be happy to try to answer any questions and would ask for your support.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Is there any discussion? Senator Halvorson.

SENATOR HALVORSON:

Thank you, Mr. President and Members of the Senate. I stand in strong support of this bill; however, I'm still very disappointed that we chose to leave the middle-class senior citizens behind. We did some tracking, and those senior citizens who fall between the range of twenty-eight thousand and fifty thousand that will not be able to take advantage of the prescription drug discount is a hundred and thirty thousand senior citizens. That is what we can track. We all know that there's going to be a lot more of that. I want to also mention that Maine this week had the courage to take it upon themselves to pass the drug prescription program that was in House Bill 3036. This is a start. I think it's a wonderful bill, and I believe that we need to do something for our middle-class senior citizens who daily have to decide whether they're going to eat, pay their rent or take their prescriptions. So, again, this is a great bill, but we have to do a lot more.

Senator Radogno.

SENATOR RADOGNO:

Well, I believe it says lung disease and smoking related. So emphysema -- I think it just is more broad. But respiratory illnesses.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Welch.

SENATOR WELCH:

Well -- well, I'm just wondering why they didn't spell it out in the bill, because if -- if somebody -- if a senior comes in and -- and they do have emphysema or -- and it's related to, let's say, a black lung disease, as opposed to smoking, and -- and they have a -- let's say they a claim filed with Social Security for disability, but yet, for this program, to get the drugs, they say it's smoking related. How -- how would that be handled?

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Radogno.

SENATOR RADOGNO:

Well, it's "and". Lung disease "and" smoking related. So that wouldn't -- you wouldn't have to prove causation.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Further discussion? Senator Syverson.

SENATE TRANSCRIPT

102nd Legislative Day

April 14, 2000

Thank you, Mr. President. First, I want to commend Senator Radogno. This really is the culmination of two years' worth of work. Obviously, there's been a lot of bills introduced this year

on -- in reaction to politics, but this was work that's been worked on for the last two years. We had hearings throughout the State. I know we had hearings last year with Senator Smith and -- and others in Chicago as we -- as we tried to come up with legislation to address the pharmaceutical needs of seniors. We were hoping, over the last two years, that the federal administration would start addressing the pharmaceutical need. As you all know, this is a problem of the federal government through Medicare. This administration has refused to address the Medicare issue and so now, as a State, we're stepping up, spending in excess of a hundred million dollars to fulfill their responsibility. I would certainly hope that as we go into the future, that the next administration in Washington will seriously take into consideration the pharmaceutical needs.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Any further discussion? If not, Senator Radogno, to close.

SENATOR RADOGNO:

Well, thank you. I just reiterate that this is a major commitment on behalf of the State to try to help those who are most in need. I think it's a good program. It's a program we can afford along with all of our other obligations, and it certainly targets help to where we need it most. And I urge an Aye vote.

PRESIDING OFFICER: (SENATOR DUDYCZ)

The question is, shall House Bill 3872 pass. All those in favor will vote Aye. Opposed will vote Nay. And the voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Take the record. On that question, there are 59 Ayes, no Nays, none voting Present. And House Bill 3872, having received the required constitutional majority, is hereby

declared passed. Senator Demuzio, what purpose do you rise?

SENATOR DEMUZIO:

On a point of personal privilege.

PRESIDING OFFICER: (SENATOR DUDYCZ)

State your point, sir.

SENATOR DEMUZIO:

Well, joining us today is the wife of one of our most distinguished Members. She's been quite concerned about how he's been voting down here and so she came down to help him out. And so I'd like for Lorraine Shadid to please rise and be recognized by the Senate.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Welcome to Springfield, Mrs. Shadid. We recognize your burden. If the Members turn their attention to Senate Calendar -- Supplemental Calendar No. 1, we will be going to the Order of Secretary's Desk, Concurrence. Senate Calendar -- Supplemental No. 1. Secretary's Desk, Concurrence. Madam Secretary, read the motion.

ACTING SECRETARY HAWKER:

I move to concur with the House in the adoption of their

Amendments 1 and 2 to Senate Bill 1627.

Motion filed by Senator Tom Walsh.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Thomas Walsh.

SENATOR T. WALSH:

Thank you, Mr. President and Members of the Senate. House Amendment 1 and 2 to Senate Bill 1627, in addition to retaining the underlying bill, Amendment No. 1 allows issuers of variable rate alternative bonds to project debt services amount using the Bond Index. Amendment No. 2 directs a county clerk to extend taxes for debt services on certain refunding bonds issued for a library district that transferred parcels to another district. I

don't know of any opposition to these amendments and would be happy to answer any questions.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Is there any discussion? Senator Klemm.

SENATOR KLEMM:

Just a question. I guess if the...

PRESIDING OFFICER: (SENATOR DUDYCZ)

Sponsor indicates he will yield. Senator Klemm.

SENATOR KLEMM:

Thank you, Mr. President. If in the past the units of local government had to look at the worst-case scenario and levy for that worst-case scenario, but now they don't have to do that, what happens if it is a worst-case scenario and they didn't levy enough money for it? What happens then?

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Walsh.

SENATOR T. WALSH:

If they go by the Bond Index, they'll be -- be levying what really is.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Klemm.

SENATOR KLEMM:

I'm sorry. I didn't hear what you said.

SENATOR T. WALSH:

Bond indexes would...

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator -- Senator Walsh.

SENATOR T. WALSH:

I'm sorry. The Bond Index was -- is a good -- would be a pretty good indicator.

Senator Klemm.

102nd Legislative Day

April 14, 2000

SENATOR KLEMM:

Well, my -- my only concern is that when we looked at the worst-case scenario, we knew that it would be taken care of. Certainly -- in fact, some of my colleagues today are saying, "Boy, the stock market's up and down; the bond rates are up and down; things are kind of chaotic." What if they don't? What happens if the local unit, a local government, then, if they don't levy enough and now they find out that the borrowing market goes south? It normally would have been they were protected 'cause they had to look at the worst-case scenario, and with the fluctuating market, I just don't want taxpayers to be taxed again or the public entity not having enough money to cover it. So I just want to assure us of the protection that that wouldn't happen. That's all. I'm not opposed to what you're trying to do; I just want the assurance that the local governmental entity who is issuing these bonds would be protected for the taxpayers. I hope maybe you could answer that.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Walsh.

SENATOR T. WALSH:

Well, thank you, and I appreciate the -- the question, but that's one of the reasons that they would have a reserve fund for this. And right now, currently, for this particular governing body, the law has been silent on this, and they obviously want to

be able to take advantage of it in good times, take advantage of a variable bond rate, and they would be able to do that with this bill.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Any further discussion? If not, Senator Walsh, to close.

SENATOR T. WALSH:

Just ask for a favorable roll call.

Ladies and Gentlemen, this is final action. The question is, shall the Senate concur in House Amendments No. 1 and 2 to Senate Bill 1627. All those in favor will vote Aye. Opposed will vote Nay. And the voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Take the record. On that question, there are 58 Ayes, no Nays, none voting Present. Senator Smith, what purpose do you rise?

SENATOR SMITH:

Thank you, Mr. President, Ladies and Gentlemen of the Senate.

I have with me today a guest Page, and his name is Rickey Douglas, and he attends here in Springfield, Illinois, the Lanphier High School. He's in the ninth grade and he's fourteen years old, and he's also the son of my secretary, Mrs. Sandra Douglas.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Welcome to Springfield. Senator -- Senator Philip, what purpose do you rise?

SENATOR PHILIP:

Point of personal privilege.

PRESIDING OFFICER: (SENATOR DUDYCZ)

State your point.

SENATOR PHILIP:

Purpose of an announcement. The Governor has invited us all over to the Mansion tonight at 7 o'clock. Members of the General Assembly and the staff. They will be checking IDs. Nobody under twenty-one. So all you young Senators, don't go over to the Mansion. It's all right for us old guys. What's going to happen tomorrow - we're just about done here tonight - most of the budget is put together. It's not completely put together. When it is put together, it takes about fourteen hours to print, believe it
